**Historical Tagline:** The 90's saw the growth of the World Wide Web and the Personal Computer PC. When the WWW first became available for the public, it grew dramatically with users multiplying at the rate of about 3500 times a year. By the year 2000 there were an estimated 295 million users on the Internet. The musical era of the 1990s was one filled with a variety of pop, rap, and alternative music artists as well as a plethora of one-hit wonders.
